

# Christmas - a time for giving!

Give a child a present **you** will never forget!  
The best present is to help someone else.

**This little girl is dangerously ill from serious malnutrition** - the gift of a little goat would give her the milk she and her baby brother need to give them a chance.

- 1 goat £15     6 goats £90 for a family

## Change the air this little lad breathes ...

desertification is destroying Darfur - help stop soil erosion and give this little lad a fruit tree - by planting a green belt around his village you will be helping the desert turn green again.

- 20 Tree Seedlings £15

**The gentle Darfur Donkey** carries water for her family, takes her to market and to hospital - and helps her earn enough to feed her little family. But he costs £50 - too much for any family in Darfur now ... unless you can help.

- 1 Donkey £50

**See [www.kidsforkids.org.uk](http://www.kidsforkids.org.uk) for more gifts**
