

Who will remember? Leaving a Gift that Lives on ...

A child remembered ... a life not forgotten

Everything we provide in Darfur is aimed specifically at helping children no one else seems to care about, and the key to why our help is so effective, is that everything lasts, and lasts. Our projects are long term. This is why leaving a Legacy to Kids for Kids is so special. It becomes a living memorial of a life well spent, that will transform lives too, not just for one child, but for many; year after year.

When preparing your Will, we know that family comes first. Although 40% of people in the UK give money to charity, only 5% leave a legacy to the causes that they care about most.

Recently, we were honoured to learn that a long term supporter of Kids for Kids had left a gift in her Will. She knew that we would be able to provide a permanent and lasting memorial *in her name*, which would not only help children to survive in Darfur, but would help to lift a whole community out of abject poverty, forever. The hope for the future, from this wonderful donation is indescribable.

We are proud that all of our projects are sustainable and are not only identified by the villagers themselves, but are managed by them so that they are fully accountable. Funds cannot go astray, because everything is documented and receipted. Remembering Kids for Kids when preparing your Will, ensures that your family can be safe in the knowledge that not only will your gift be helping children who are in desperate need, for many years to come, but you will not be forgotten.

If you already have a Will, a simple codicil, witnessed, is all that is needed.

Kids for Kids is so grateful for every legacy we receive as we rely entirely on donations. Every gift no matter the size, will be helping the children of Darfur for many years to come, becoming your legacy for children of the future.
