

*Urgent Help is Needed for the  
Children of Darfur*

**Out of sight  
families are suffering the worst  
humanitarian crisis in the world today**

# *The world has turned its back but you don't have to*

Millions are caught in the brutal grip of war, facing hunger, thirst and a collapse of healthcare. The desperate cry for humanitarian aid echoes, and the burden falls squarely on our shoulders.

## *This is not merely an appeal it's an urgent call to action*

For over two decades, Kids for Kids has stood by Darfur's rural communities in the face of ongoing conflict and crippling food shortages.

The need is critical, and families are pleading for **sorghum** (£15), **mosquito nets** (£18), **jerry cans** (£18), **veterinary drugs** (£350), **handpump repair kits** (£500) and **goats** (£50 each) for their urgently needed milk. We have always been told how life-transforming our simple grassroots projects are to people to whom even a **blanket** (£25) is a luxury they cannot afford — now we are told these projects are saving lives.

Healthcare has collapsed. Schools are closed.  
But not in our villages.

Our **Midwives** (£2,000) are lifelines to expectant mothers in remote villages. Our **Handpumps** (£6,500) guarantee clean, accessible water. Many need repairs because of over use (£500).  
Goat's milk is beyond value for hungry children.

## *Act now and be the beacon of hope the children of Darfur urgently need*

*Donate now to save lives  
and give hope for the future*
